Utz Quality Foods, Inc., is issuing this statement regarding the printing error on the outside box of the Halloween Pretzels. This was an unintentional error and will be corrected as soon as possible. We understand the extreme allergen sensitivity some of our consumers may have with peanuts and tree nuts and we apologize for this oversight. But we are pleased to announce that we do not bring peanuts or tree nuts into any of our manufacturing facilities. **The individual bags inside of the Halloween box are labeled correctly in that they are *Made In a Peanut and Tree Nut Free Facility*.**

We do distribute some products that may contain peanuts, but these products are produced and packaged at other manufacturing facilities. These products are clearly identified with peanut allergy statements. ***All of our company owned facilities are peanut and tree nut free.***

We greatly apologize for any confusion this may have caused. And we hope you will continue to enjoy our Peanut and Tree Nut Free Halloween Shaped Pretzels and our other snack items.
